Protection For You And Your Horse

Transporting horses is a not-so-glamorous aspect of equestrian life – and it comes with unique challenges. USRider® has 24-hour, nationwide roadside assistance designed to safeguard both you and your horse(s).

Cross-Country Security

Even under the best of circumstances, travel is stressful for horses. But you can make the journey with peace of mind knowing that USRider® is there for you no matter where the road leads.

Blue-Ribbon Performance

The USRider® motor plan outperforms other roadside assistance plans by also covering tow vehicles and trailers. Typical motor plans can leave you stranded if you are towing a trailer – especially when towing a horse trailer.

Gold Medal Service

The USRider® Roadside Assistance team includes more than 100,000 dedicated service professionals throughout the United States and Canada, and since we pay the going rate, USRider® is not limited to network providers. This means you will receive fast, efficient service 24/7 from highly trained USRider® Member Care Specialists.

A Leg Up On The Competition

The USRider® Roadside Assistance Plan is truly in a class by itself. For an annual fee comparable to that of typical motor plans, you will enjoy exclusive services created specifically for equestrians.

"We will never switch to another service. You had my vehicle towed to two different places until I was able to get it fixed! I have recommended it to all my friends."
– Penelope S., NC
